## HUNTERS

### RULES FOR JUDGING HUNTER CLASSES (Jumping and Conformation)

Each horse shall be ridden at the fences in his turn, according to a list prepared by the Master of the Ring.

When a horse makes two faults at one jump, only the major fault will be counted. Refusals will be counted in addition.

Judges or scorers may order any horse from the ring when it has no further chance of being placed in the ribbons.

Horses will be judged in taking the jumps according to the following scale of faults:

Knocking down obstacle with hind limbs .....	2 faults
Knocking down obstacle with front limbs .....	3 faults
Horse or rider, or horse and rider falling .....	4 faults
First refusal or bolting at any one jump .....	2 faults
Second refusal or bolting in succession at same jump .....	3 faults
Third refusal or bolting in succession at same jump .....	Debarred
Failing to jump obstacles in the order indicated .....	Debarred

Ticks will not be scored; no "slip filets" will be placed on the obstacle and no faults will be scored against a performance for a "touch" with the fore or hind limbs without knocking down obstacle.

When a hunter makes a bad jump, the judges will use their own discretion as to the number of faults to be awarded (in addition to those indicated above) and in making their awards will consider the manners, form and cleverness of the competing horse.

Hunting pace should be maintained throughout.

Horses will not be allowed to walk up to the jump for sightings purposes. Entry Fee, \$1.50.

All Hunter Classes will be judged: 60% Performance and Way of Going; 40% Conformation and Soundness.
